## RED CROSS CHANGES

TRUSTEES IN MEETING PLAN FOR REORGANIZATION

## TO ADOPT NEW BY-LAWS

**Instead of Twenty-seven Directors for Various Terms, All Must Be Elected for Same Period.**

What is practically a reorganization of the Red Cross in Nodaway county was begun last night, when at a called meeting of the trustees of the Nodaway chapter held at Red Cross headquarters it was voted to ask the Southwestern Division to declare the present By-Laws null and void. The meeting was held at the direction of the Southwestern Division, it being pointed out that the present By-Laws were not in accord with the present By-Laws of the national organization.

Following the move to nullify the present By-Laws and to prepare for the general election on November 20, when eleven or more trustees will be elected by the members throughout the county, a nominating committee was named composed of F. H. Barrett, Ed W. Keck, C. C. Hellmers, Joseph Jackson, Jr., and M. J. Alderman. This committee will meet this afternoon to select names to be voted on. A list of fifty or more names of members of the Red Cross living in various parts of the county will be presented. The trustees, when elected will name the chapter officers. The general election for trustees will be held on November 20 and will be by printed ballot as in any other election with voting places in every township in the county. Heretofore there has been twenty-seven trustees, nine serving one year, nine serving two years and nine elected for three year terms. Under the new By-Laws the trustees will be elected at the same time and will each serve for the same period, one year.

The trustees present at last night's meeting were F. P. Robinson, F. M. Townsend, J. B. Robinson, Roy J. Curfman, Dr. F. R. Anthony, George B. Baker, S. G. Gillam, F. H. Barrett, G. B. Roseberry, Paul Sisson and M. J. Alderman.

## WATCH FOR SPOOKS

YOUNG AMERICA WILL BE ABROAD IN THE LAND TONIGHT

## IN THE GOOD OLD DAYS

**Some of the Pranks That Were Played by "The Gang" Would Make the Kids of Today Green With Envy.**

"And the goblins 'll git ye if ye don't watch out" tonight.

The black cats will pull off their coloratured grand opera stuff—the spooks will tap on your window—the neighbors' small boy will move your lawn swing over into the next block—set your porch chairs up on the steps of the First Christian church—hang your foot rugs on the Haines electric sign and run your Ford up into the court house yard.

The dictionary says Hallowe'en is a date "on which various pranks are played by the young." But, shades of Webster, the old man never dreamed how the modern youth could define that "various." Of course, it is always the neighbor's boy, not your own, that makes it necessary to appoint an extra police officer for Hallowe'en night so that the damage to your property doesn't run beyond your bank balance.

But just the same, the wise man, who remembers the days of his own youth, puts temptation out of the way and moves indoors all property that isn't tightly attached with a few ten-penny nails.

In the good old days that have gone into the cannery along with some other things, when Maryville's one policeman quit work at six o'clock the youths of the town had what they called real sport.

Folks tell one story of how a "gang"—George B. Baker was supposed to be the leader, with Conrad Yehle and C. L. Gann, deputies, put a fellow's buggy on top of the wood house. It wasn't an easy job. The owner caught the boys at it and they didn't get to finish the job that year, nor the next. But they weren't a willy-nilly bunch and they tried the third time and made it and the old man woke up on the morning of the first of November and saw his stylish one horse phaeton greeting the sunrise from on top a good tall story and a-half shed.

Then there is another yarn about an old lady, whose sentiments were strong with the drys. A "gang" obtained a large "lager beer" sign, with letters a foot high, and they nailed it onto a tree in the front yard. Underneath they nailed a wooden hand, with the finger pointing in toward the old lady's front door. A tree hid the sign from the house view and it stayed there all day and part of the next before the nice old lady with the bone dry convictions discovered it.

The Eddy and Johnny and Charlie of that Hallowe'en are going under the more dignified names of E. C. Curfman, Judge John Dawson and C. D. Bellows and Jim Robinson and Sam Gillam and Gus Romasser served as outside and inside guards or whatever a "gang" calls its companions in mischief.

And the girls used to have taffy pullings, and they would go to spend the night with each other, and put plates of water under the bed with a lot of slips of paper on which were written names and the next morning one of those slips was supposed to be turned over, and if the one with "his" name on flopped, oh, hully gee, it was a grand and glorious feeling—for the girl.

## TURKS OUT OF WAY

AGREEING TO ALLIES TERMS, AN ARMISTICE IS CONCLUDED

## ALL TERMS ACCEPTED

**International News Service Learns From Authoritative Source of Surrender of Ottoman Forces.**

London, Oct. 31.—The Turkish armistice was signed at Saloniki at noon today.

London, Oct. 31.—The Daily News today stated it is able to announce that Turkey is definitely out of the war.

An armistice has been concluded with Turkey and Turkey is now out of the war, it was learned by the International News Service from an authoritative source this afternoon. The Allies terms to Turkey it is believed certain, embraced an unconditional surrender and the demobilization of the Turkish army.

Washington, Oct. 31.—President Wilson has referred the appeal from Turkey, asking him to use his influence with the Entente Allies to secure an immediate armistice and peace negotiations to the various powers now at war with Turkey. He so announced in a reply to the Turkish note of October 14, which was made public from the State department today.

Bern, Oct. 31.—The Turks have notified the British they will accept any armistice terms the Entente is prepared to grant, according to information received today.

## USING "FLU" MASKS

HELLO GIRLS AT HANAMO TAKE PREVENTION MEANS

## BIG INCREASE IN CALLS

**Epidemic Has Added to Work of Local and Long Distance Operators.—Try To Keep Service Normal**

When you call central today and a muffled voice repeats your number don't imagine that she has not heard correctly and that you will get the "wrong number." The muffled voice you will hear will be coming through a gauze mask.

Yes. All the central operators are wearing them today. The influenza epidemic has made it necessary that the company take preventive measures to insure a normal service, as with a number of operators having had to be sent to their homes suffering with mild cases, the Hanamo office is working under a handicap.

The influenza epidemic has increased the number of calls through both the local and long distance lines and with the "board" carrying a heavy load and a number of operators sick, those who remain on duty are doing extra work. With the operators having to work in close proximity to each other and to prevent as far as possible any others taking the disease Manager H. C. Todd decided to ask the girls to use the gauze masks while at work. The plan was readily agreed to.

"The influenza epidemic has hit us pretty hard," said Manager Todd today, "and we cannot afford to lose any more operators. If we do we'll have to close up shop. Both our local and long distance lines have been taxed during the last two weeks and about every other call is by somebody who wants to know how some sick person is getting along. With many persons remaining at home closer than usual, the telephone is being used to a much greater extent than in normal times."

"If the public and our patrons," said Mr. Todd, "Will only use the phone when it is necessary and refrain from calling 'just to talk' it will be a great help and I am sure our operators will appreciate just at this time any help along this line."

**AWAITS ARMISTICE TERMS.**

Special to The Democrat-Forum.

Washington, Oct. 31.—Reports from various European neutral points saying that the Allied armistice terms already had reached Berlin were generally discredited in official and diplomatic circles today.

## INFLUENZA BAN AT NORMAL

**Building and Grounds Closed Except to S. A. T. C., Faculty Members and Parents of Men in Training**

As a measure of prevention against the spread of infulenza Lieut. DuRette commanding officer of the S. A. T. C., and President Richardson of the Normal, have ordered that the ground and building be closed except to those who have business there and to parents of members of the S. A. T. C. This action was taken yesterday following a conference between Lieut. Du Rette, Lieut. Burns and President Richardson, as with no guard at the various entrances to the building, many go there who have no particular business, and the order is made to prevent possible contact with persons who may have been exposed.

President Richardson advises that persons who have packages to deliver and others whose business require them to go to the Normal including parents of the members of the S. A. T. C., will be required to go to the offices. The building is open only to the men of the S. A. T. C., the members of the Normal faculty and to parents of the boys. Until further notice there will be no passes given on Saturdays to members of the unit. The closing order will remain in effect until the ban is lifted by the city health authorities.

While there has been no school for the past three weeks, the building has been visited by many of the students, also others, and contact at times with the members of the corps was unavoidable.

**AGENTS MISREPRESENT WARES**

**Books Sold by Canvassers Are Said to Be Authorized by Government.**

Reports have come to the Missouri Division of the Food Administration that agents are canvassing from door to door with publications purporting to be issued by the government, representing that they have government sanction. They are charging as high as $4.75 for the publication.

No such publications have been authorized by the government it is announced. The publications issued by the government are always given away or sold at cost. School text books prepared by the Food Administration are sold under contract with the publisher to charge the price fixed by competition, ranging from twenty cents to half a dollar.

**Guinns Return From Motor Trip.**

Mr. and Mrs. M. C. Guinn and daughter, Miss Mary Edna of Bedison, returned at noon today from a two weeks' motor trip during which they visited friends at Slater, Kansas City and Excelsior Springs.

**Hopkins Schools Re-open.**

While the influenza in Hopkins and vicinity seems to be on the wane, there are quite a number of cases and Mayor Donlin believes it is wise to enforce the quarantine for a time yet, so there will be no church service, picture shows or other public gatherings until further notice.

The stores will continue to close early as heretofore and will close again next Saturday night at 7 o'clock.

School opened Monday morning but the attendance is very small, and less than half the usual number in the high school.

If many new cases should develop, the school will again close its doors.—Hopkins Journal.

ALLIES ADVANCE SO SWIFT IT HAS BEEN IMPOSSIBLE TO COUNT THE PRISONERS

## IN FIFTEEN MILES

EVERY OBJECTIVE ALONG THE LIN HAS BEEN TAKEN BY THE VARIOUS ARMIES

## DEAD FILL THE ROADS

**Americans Are Driving Ahead with the Italians Are Pushing Hard After Enemy.**

With British Army, Oct. 31.—British-French troops began a new assault on the Flanders front this morning and the drive is going well. Ghent is expected to fall soon. No details are available but the Germans are not expected to make a stand at Ghent, but it is anticipated they will withdraw to Antwerp or Bendre.

Rome, Oct. 31.—The advance of the Italian-British armies continues without check. The Austrian line has now been pierced to a depth of fifteen miles at some places. The British reached Livenza river at Francingo. The British-Italian cavalry forces have reached Sacile, ten miles southeast of the former Austrian base Villorce. Oderzo, eight miles east of Piave, has been occupied by the Italians. All objectives assigned to the various armies were taken. So swift have been the allied advance it is impossible to count the thousands of prisoners. The Americans are driving ahead with the Italian-British. The roads are littered with the killed and wounded and battle debris. In the Astago sector the British have entered Camperovare and have captured Stralegic heights.

## "FLU" CONDITION THE SAME

Influenza conditions remain unchanged during the past twenty-four hours while several new cases have been reported to the health authorities today. No deaths have been reported either in the city or from the country districts, but there are a number of serious cases reported today. In one family where eight persons are down, four with pneumonia, a relative who came to do nurse duty is now down with the disease and it is feared deaths will result. There will be quarantine regulations until the epidemic has been checked and no consideration will be given to taking off the closing order this week, it is announced, with the probability that it will remain in force during the next week, also.

### CERTAIN ELEMENTS THAT DO NOT LIKE MR. FOLK.

Many Democratic politicians do not like Mr. Folk, and are not giving him their support. A conspicuous instance of how the bosses here feel is that they have omitted his picture from their window cards. There is a reason, of course. When Mr. Folk was governor he ignored the political bosses. None of them could dictate his appointments or shape his policies. This was a violation of precedent and a shock to the recognized fixers. But as a result, the administration of Governor Folk was made a bright spot in Missouri's history. The Folk standard not only made its lasting impression upon Missouri at home, but elevated the state to a degree of respectability that commanded the administration of the entire country. The statutes of Missouri providing for good order, which had long been ignored, were interpreted by Governor Folk to mean exactly what they said, and he proceeded courageously to enforce them That was something new, and it shocked the politicians and the liquor element and the others who had luxuriated in a free pasture. But Governor Folk was approved by the people and there has not been a return to the old order. Public sentiment would not permit a return.

No wonder the politicians and the elements that were hit by law enforcement do not like Mr. Folk, and no wonder that they are against him in this senatorial race.

But the vast body of people in Missouri believe in Mr. Folk, and if they carry their conviction to the polls he will be the next senator from Missouri. If they stay at home he will be beaten and the rest of the country will wonder if Missouri is going backward. Certainly it would be to the credit of Missouri and to the credit of the country to have him in the senate. For Missouri needs to be represented by a man of Mr. Folk's caliber and ability and high-grade patriotism.—St. Joseph News-Press.

## NODAWAY'S QUOTA

(Continued from Page 1.)

aid he gives to those who are fighting that he may be free to go about his business unmolested. This judgment comes home now to all of us who live in Nodaway county because we are being asked to give to the United War Work Fund.

Across the seas from the desolate battle fields of France, from the trenches, from that vast area behind the lines—from our own crowded camps—the call for help has come. Seven great organizations are responding to this call. With the exception of the Red Cross every organization which is caring for the soldiers and their families is included in this campaign. A great sum of money is necessary to carry on this essential work. We have been asked to give $250,000,000.

This rich and prosperous county of Nodaway is asked for just $45,000.00 to furnish home comforts, recreation and rest, and all the little details that make life bearable for the men who are fighting to save us. It must be a lumpy-souled individual who can refuse his aid, for even when we stay-at-homes have done all we can possibly do, we must acknowledge that we have the snug easy comfortable job as compared to going over the top or cleaning out machine gun nests.

Can't we raise this lilite sum the first day of the drive? Let our Nodaway boys who are in the camps in the United States or in the trenches in Europe know that we are backing them with our dollars. We have sent the boys, our most precious treasure, to the battle field. They are now watching us to see if we will send our money to provide them with just a little of the comfort and pleasure which we have as a matter of course.

We cannot, we must not disappoint them. Be ready with your contribution November 11. Do not wait to be asked, bring in the money. Give as the soldier fights, as soon as the command is given and unto the end.

Do not say that you have just given all you can afford to the government. You gave nothing; you made the safest investment in the world at a fair profit. Now you are offered the privilege of giving. This will be a real gift because you will receive no pecuniary return. Instead you will have the satisfaction of knowing that you have helped the soldiers who are battling for civilization.

### MISS HAHN TO CIVILIAN HOSPITAL

Miss Alberta Hahn, a daughter of Mr. and Mrs. M. Hahn, will leave Nov. 11, for Kansas City, where she will enter the General hospital for nurses training. Miss Hahn filed her application in the Red Cross Student Nurse's Reserve through the Maryville Red Cross chapter and will start her training in this civilian hospital. Other student nurses are at this same institution.

Clement Hahn, a brother of Miss Alberta, who has been in the army motor mechanics school at Kansas City has recently been transferred to Camp Jackson, S. C., and is expecting to be sent over seas.

## Wilson Appeals for Vote of Confidence of Nation

### Says Return of Republican Majority Would Be Interpreted On the Other Side of the Water as a Repudiation of His Leadership---This Is No Time for Divided Council or for Divided Leadership

Washington, Oct. 25.—President Wilson, in a statement addressed to the American people today, flatly urges the election of a Democratic majority to the Senate and the House of Representatives. If the Republicans should win, he declares that his power to administer the great trust assigned to him by the Constitution would be seriously impaired.

It is "imperatively necessary," he declared, that the nation should give undivided support to the Government under a unified leadership.

"Unity of command," he wrote, "is as necessary now in civil action as it is upon the field of battle." He declared that the return of a Republican majority to either house of Congress would be interpreted on the other side of the water as repudiation of his leadership.

*Text of Statement.*

Following is the President's appeal:

"My Fellow Countrymen:

"The Congressional elections are at hand. They occur in the most critical period our country ever faced or is likely to face in our time.

"If you have approved of my leadership and wish me to continue to be your unembarrassed spokesman in affairs at home and abroad, I earnestly beg that you will express yourselves unmistakably to that effect by returning a Democratic majority to both the Senate and the House of Representatives.

*Times Demand Frankness.*

"I am your servant and will accept your judgment without cavil, but my power to administer the great trust assigned me by the Constitution would be seriously impaired should your judgment be adverse, and I must frankly tell you so because so many critical issues depend upon your verdict.

"No scruple of taste must in grim times like these be allowed to stand in the way of speaking the plain truth.

"I have no thought of suggesting that any political party is paramount in matters of patriotism. I feel too deeply the sacrifices which have been made in this war by all our citizens irrespective of party affiliations to harbor such an idea.

"I mean only that the difficulties and delicacies of our present task are of a sort that makes it imperatively necessary that the nation should give its undivided support to the Government under a unified leadership, and that a Republican Congress would divide the leadership.

"The leaders of the minority in the present Congress have unquestionably been pro-war, but they have been anti-administration. At almost every turn since we entered the war they have sought to take the choice of policy and the conduct of the war out of my hands and put it under the control of instrumentalities of their own choosing.

*Unity of Command Needed.*

"This is no time either for divided council or for divided leadership. Unity of command is as necessary now in civil action as it is upon the field of battle. If the control of the House and the Senate should be taken away from the party now in power an opposing majority could assume control of legislation and oblige all action to be taken amidst contest and obstruction.

"The return of a Republican majority to either house of the Congress would, moreover, be interpreted on the other side of the water as a repudiation of my leadership. Spokesmen of the Republican party are urging you to elect a Republican Congress in order to back up and support the President, but even if they should in this impose upon some credulous voters on this side of the water, they would impose on no one on the other side. It is well understood there as well as here that the Republican leaders desire not so much to support the President as to control him.

*Germany Understands Election.*

"The peoples of the allied countries with whom we are associated against Germany are quite familiar with the significance of elections. They would find it very difficult to believe that the voters of the United States had chosen to support their President by electing to the Congress a majoriy controlled by those who are not in fact in sympathy with the attitude and action of the administration.

"I need not tell you, my fellow countrymen, that I am asking your support not for my own sake, or for the sake of a political party, but for the sake of the nation itself in order that its inward unity of purpose may be evident to all he world.

"In ordinary times I would not feel at liberty to make such an appeal to you. In ordinary times divided counsels can be endured without permanent hurt to the country. But these are not ordinary times.

"If in these critical days it is your wish to sustain me with undivided minds, I beg that you will say so in a way which it will not be possible to misunderstand either here at home or among our associates on the other side of the sea. I submit my difficulties and my hopes to you.

"WOODROW WILSON."

## GARDNER'S APPEAL

**Governor Urges Election of Folk, Congressional Nominees and Entire Ticket in Interview.**

Gov. Frederick D. Gardner, Missouri's popular war Governor, is keenly interested in the election of Gov. Joseph W. Folk to the United States Senate and every Democratic candidate for Congress, as is shown in the following interview which he has given the public:

"I am intensely interested in the result of the election on Nov. 5," said Gov. Frederick D. Gardner this morning. "Ever since the outbreak of the war Missouri has stood loyally behind President Wilson and has responded to every call. I am sure the state will continue to do so. In order to render him the fullest measure of support, it will be necessary to elect to the United States Senate a man who is in

hearty accord with his war policies and upon whom he can confidently rely in the difficult tasks confronting him in the reconstruction period. In former Gov. Joseph W. Folk Missourians have an opportunity to support such a man. His long expérience in public life, his known ability and integrity, his intimate acquaintance with governamental affairs and his association with President Wilson during the years he spent in Washington fit him peculiarly for the work at this time.

"No man in Missouri stands higher with all her citizens than does Judge W. W. Graves, one of the ablest men who ever sat on the supreme bench in this state. The bar will bear me out in the statement that the opinions handed down by Judge Graves justly merit the high place that is accorded him. With his intimate knowledge of Missouri laws and Missouri people, I am sure that his continuation as a member of its highest court will best serve the interests of the people of the state.

"The problems of reconstruction of education after the war make it important that one who is thoroughly in touch with them should be chosen as State Superintendent of Public Schools. The present incumbent, Uel W. Lamkin, has the necessary knowledge of the present situation and his record shows that he is thoroughly in accord with the idea that the public schools, taught by loyal citizens of the United States and using English as the language of instruction, are the real safeguards of American democracy.

"As Governor I am justly proud of the record made by the present administration during the past two years. It will stand the closest scrutiny of the people of the state. However, the work is not yet completed. In order to carry it to a successful conclusion, I shall have to have the support of the next General Assembly. To secure the best result, men in harmony with the state administration should be chosen to the Senate and House.

"For the reasons above stated, I believe that the interests of the state of Missouri and the interests of the country as a whole demand the election of the ticket nominated at the recent Democratic primary. I am sure that by choice of Gov. Folk as United States Senator and by the election of the Democratic nominees for Congress in the several districts the people of Missouri will send word to the great President of the United States that they will continue to support him to the utmost to the conclusion of a successful peace."

## Barkeepers Are Necessary is Judge Spencer's Ruling

### Senatorial Candidate So Held on Eve of Primary, August 5

Owners of saloons will not have to seek essential employment, according to a ruling of the District Appeals Board announced yesterday by Selden P. Spencer, chairman of the Board. About 35 questionnaires have been examined by the District Board, and eight were adjudged non-essential.

Spencer said that the ruling does not apply to men who are hired as barkeepers, and that saloon owners would not be given a deferred classification on this ground. He said the ground on which the Board made its ruling was that the case of saloon owners is similar to that of restaurant proprietors. The latter, while not held essential, are not included in the work or fight order, while waiters and attendants who do not control the business are held as non-essential.

Both men who own saloons and act as barkeepers and those who are owners and engage in some other occupation or act as barkeepers at irregular periods are included in the order, according to Spencer, and will not have to do other work to keep out of the army.

The cases of saloon owners who have been ordered to seek essential employment by local boards will now be reversed.

The first ruling was made in the case of William E. Armstrong, 3512 Bell avenue, in the Twentieth Ward. Several of the ward boards had held that saloon keepers were not in the non-productive class, while the district board had previously indorsed orders for them to seek essential employment. — St. Louis Globe-Democrat, Tuesday, August 5.

Col. Jay L. Torrey, who ran gainst Judge Spencer, declared that the above ruling was made to control the saloon vote in St. Louis during the primary campaign.

## For Supreme Judge---

JUDGE WALLER W. GRAVES,

Of the Supreme Court.

As a member of the Supreme Court of Missouri, Judge Graves has attracted the attention of the nation. When President Wilson was looking for a member of the United States Supreme Court he was considered seriously for the place.

## For Superintendent Schools---

UEL W. LAMKIN.

State Superintendent of Schools.

The record of Mr. Lamkin is such that every citizen of Missouri who desires to see the State continue to forge ahead in educational matters should vote for him. His reputation is nation-wide and he has his heart in his work.

## WHO FIGHTS FOLK?

**Will Missouri's Verdict Send Joy or Grief to the Lawless Element?**

As Circuit Attorney of St. Louis Joseph W. Folk uncovered more political corruption than has been brought to light in any other time or place in the history of the world. In doing so he incurred the ill will of many of the beneficiaries of the system of graft, some of whom were high up in the financial world. These are fighting him now.

As Governor he closed up the race tracks, and the race track gamblers are fighting him now. As Governor he secured the enactment of the primary law, placing the power in the people to control their own government. There were some who never liked this change from the old system under which the political bosses could thwart the power of the people. As Governor he enforced the liquor laws in such cities as St. Louis, Kansas City and St. Joseph. Because he enforced these laws the liquor interests are fighting him now.

As chief counsel for the Interstate Commerce Commission Gov. Folk uncovered financial crookedness of the New Haven, Rock Island and a number of other railroad systems. Those who profited by the railroad financial graft are now opposing him. Folk's enemies are the enemies of the public. It is a very good rule, in order to determine on which side to fight, to look and see on which side the enemies of the public are fighting and then get on the other side and oppose them.

Who would rejoice if Folk were defeated? The grafters, the gamblers and the saloons would shout for joy, and there would be delight in every den of infamy in the state.

Is it better to serve the public than it is to serve the lawless Folk has served the public. Will the public now stand by him Mr. Voter, it is up to you to say whether you will send a message to the lawless that will cheer and encourage them or one that will discourage and depress. The defeat of Folk would encourage the lawless everywhere. His victory would cheer the law-abiding.—Lamar Leader.

### THE GLOBE-DEMOCRAT

during the war with Spain said:

"This is again a McKinley campaign. The main issues are national. The election of a Democratic Congress will be anti-McKinley. The course of the President, past, present and future, would in that case, stand condemned by the people."—October 26th, 1898.

"The result of that election will be awaited with as much interest in Spain as in the United States.

"The foreign interests and reputation and domestic well-being of the United States are directly and inseperably bound up in Republican success. These are a few of the reasons why the Republican party will sweep the country tomorrow."—November 7th, 1898.

"The new Congress, as everyone conversant with public affairs can see, will deal with a highly important series of international problems. When the sun goes down, the people will have decided whether the President and Congress shall be in unison or arrayed against each other in political opposition, in settling the war, the President must necessarily take the initiative, with the assistance of the State Department. A Congress hostile to the executive, would multiply the difficulties needlessly and dangerously."—November 8th, 1898.

IF THEN—WHY NOT NOW?

### THE KANSAS CITY STAR

during the war with Spain said:

"The people have stood together, regardless of politics, in supporting the Government in prosecuting the war, and there is sound logic in the contention of the Republicans that there should be no change in the control of Congress, until the issues arising out of the war are settled."—November 3, 1898.

IF THEN—WHY NOT NOW?

# Why Folk Is Opposed By Vicious Element

## Record of Prosecuting Boodlers and Closing Disreputable Winerooms Displeased Lawless Voters—Better People However Approve it.

As Circuit Attorney Joseph W. Folk freed St. Louis from the chains of corruption with which the city had been bound for many years. For three years, while doing this work, not an insurance company would take a dollar's risk on his life. As Governor of Missouri he suppressed the infamous winerooms, he stamped out racetrack gambling, he enforced the liquor laws and made the saloons decent. Though he has not been Governor for 10 years, his spirit still governs and these laws are still enforced.

When he left the Governorship in 1909 he made a lecture tour of the country, one of the most successful lecture tours that any public man ever made in the history of this country. He continued to take an active part in public affairs and in civic matters, making addresses upon occasion. In 1910 the Democrats of Missouri endorsed him for President, but two years later he gave way for Champ Clark, the Speaker of the National House of Representatives. He campaigned the United States for Woodrow Wilson, the nominee that year, and was one of the principal speakers for the national Democracy. In 1913 he was appointed by President Wilson solicitor for the Department of State. There he was in charge of law matters relating to international affairs and gained an experience that will be of immense value to him in the Senate in this crisis. He then for four years was chief counsel for the Interstate Commerce Commission, one of the most important places within the gift of President Wilson. As chief counsel of the commission he conducted the investigations of the New Haven Railroad, the Rock Island Railroad and the Louisville & Nashville Railroad and other systems. He exposed the financial rottenness of the railroad systems as then operated. These were, by far, the greatest exposures of evil in the railroad business ever known in America. The Interstate Commerce Commission, as a result of these investigations conducted by Folk, recommended to Congress that the railroads be taken over by the President and operated by the government. The railroads were taken over and the position of chief counsel for the commission was left with practically nothing to do. When the people of St. Louis, through the Chamber of Commerce, called upon him to take up the fight to free St. Louis and Missouri from the chains of unjust rate discrimination and for the abolition of the arbitrary, he decided to undertake the work, especially in view of the fact that he could in addition to that work be of service in making patriotic speeches. So he came and before Senator Stone died he had made more than 100 speeches for the Liberty Loan, the Red Cross, the Y. M. C. A., the War Savings Stamps and for other patriotic purposes.

The death of Senator Stone created an unexpected situation and the demand came from all over the state that he permit the use of his name as successor to Senator Stone. This demand became so strong in the form of letters, telegrams and personal visits as to be irresistible. When he found that he could complete the work of giving to the people of St. Louis and Missouri justice and unqualified rights better in the United States Senate than in private life and that in addition he could aid the President in bringing the war to a speedy and worthy close, as well as aiding in solving transportation problems, he consented that his name be used.

## CAMPAIGN OF DECEIT

### Ex-Judge Spencers' Claim of Wilson Support in Democratic Counties Is Exploded.

Ex-Judge Spencer is conducting a campaign of misrepresentation and deceit. The platform on which he is running, and which he wrote himself, refused to endorse President Wilson. Yet, when he goes into Democratic counties he attempts to deceive the voters into believing that he will support President Wilson if elected.

In the event of that catastrophe he knows he would do nothing of the kind—that he would go into the Republican caucus and vote for Boise Penrose of Pennsylvania as chairman of the Finance Committee and Reed Smoot of Utah as chairman of the Appropriations Committee and do everything in his power to take the control of the war out of the hands of President Wilson.

Another illustration of his hypocritical campaign is his claim that he is not saying anything about his opponent, but he takes along his man Friday to do his mud-slinging for him.

Spencer has caused to be posted all over St. Louis placards saying "Good-Bye, Joe!" This is a very contemptible campaign method, but it is an illustration of Spencer's methods. Another placard Spencer has posted up says: "Patriotism demands that you vote for Spencer." In other words, to vote for anyone else than Spencer would be unpatriotic, according to his little mind. That would mean that Spencer thinks President Wilson is not patriotic, as President Wilson certainly does not want Spencer.

This placard posted up by Spencer is an insult to the decent citizens of the state, who want to uphold President Wilson and who will not do anything to further the Spencer-Kiel-Schmoll-Weeke combine.

Spencer bases all of his hopes of election upon the colonization of negroes in St. Louis by the Republican machine and upon the hope of receiving the solid German vote upon the assumption that the Germans are all against President Wilson. This assumption on the part of Spencer is an insult to all patriotic Germans, who are loyal to the United States above Germany.

That this is true does not relieve Spencer's campaign from the odium of appealing to disloyalty and to viciousness and of being deceitful and hypocritical.

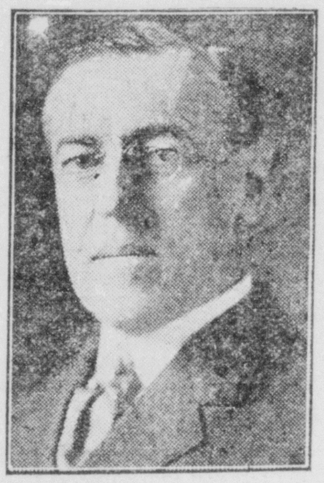
## SHOULD ELECT FOLK

### Reedy's Mirror Says Note the Opposition and Trace Its Interests and Motives.

Gov. Joseph Wingate Folk should be elected United States Senator from Missouri because he is not only a big D Democrat, but a small d democrat, because his democracy is Woodrow Wilson's kind of democracy, because he wants this country made safe for democracy and Democracy made safe for this country. The unanswerable argument for Folk is Folk's record. He is right on every question in which popular rights are menaced by special privilege. Note the opposition to Folk, trace its interests and motives and you will find that it roots in anti-democracy and flowers in anti-social obstructionism.—Reedy's Mirror.

# WILSON WANTS FOLK

## President Says: "I Am Looking Forward With Genuine Satisfaction to Our Future Association."



The deep interest of President Wilson in the election of former Governor Folk to the United States Senate is shown in the following telegram:

WHITE HOUSE, WASHINGTON, October 3, 1918.—Honorable Joseph W. Folk, St. Louis, Mo.—Your telegram of yesterday is warmly appreciated. Your support has always been so consistent and generous that I have been sure in any case that I might count on you. I am looking forward with genuine satisfaction to our future association.

WOODROW WILSON.

"November 19, 1912.

My Dear Governor Folk:

Thank you warmly for your letter of November 9th, which has given me a great deal of pleasure. I think you know how much gratified I have been by your constant and generous confidence and support.

Cordially and sincerely yours,
WOODROW WILSON.

Hon. Joseph W. Folk,
St. Louis, Missouri."

As Counsellor for the State Department and Chief Counsel for the Interstate Commerce Commission, President Wilson and Governor Folk were frequently in conference and Governor Folk is known by all to be in hearty accord and sympathy with President Wilson's aims and ideas.

Do not hamper President Wilson by sending untried and unknown men to the United States Senate. The world is on fire and only men of known and proven ability should be selected at this time.

"December 12, 1917.

My Dear Governor Folk:

Thank you very much for your memorandum about the administration of the railways. It helps my thought materially.

Cordially and sincerely yours,
WOODROW WILSON.

Hon. Joseph W. Folk,
Intersate Commerce Commission."

# *Citizens!! Read This:*

The Constitution of Missouri, Article 8, Section 12, provides:
*"No person shall be elected or appointed to any office in this State, civil or military, who is not a citizen of the United States, and who shall not have resided in this State one year next preceding his election or appointment."*

In arrogant defiance of this provision of our State Constitution, Henry L. ("Hank") Neeke, a prominent Republican politician, now holds the office of Commissioner of Weights and Measures.

HE IS A CITIZEN OF GERMANY!
HE IS AN ALIEN ENEMY.

How did he obtain this office? He was appointed to it by the Republican Mayor of St. Louis.

Why does he continue to hold and enjoy this office? Because a Republican Mayor of St. Louis refuses to remove him, and those in control of the Republican party refrain from insisting upon his removal

All of the offices of the City of St. Louis are held by Republicans. Do they approve of this insult to our citizens and breach of our fundamental law? No word of dissatisfaction comes from them.

Do the members of the Republican City Central Committee approve of this insult to our citizens and breach of our fundamental law? No word of protest comes from them.

Who are these Republican City Central Committeemen? Here are their names.

| | |
|---|---|
| John Schmoll, | Herman Bader, |
| Nat Goldstein, | A. C. Kunze, |
| George W Strodmann, | Charles A. Groeschel, |
| G. H. Oetting, | Louis J. Becker, |
| Walter W. Bischop, | Joseph B. Thomas, |
| Gabriel Roth, | I. Joel Wilson, |
| Tony Schuler, | John E. Johnson, |
| Gus Frey, | J. N. McKelvey, |
| Louis Becker, | Elmer L. Moon, |
| Wm Troll, | Nicholas A. Polito, |
| George Meisinger, | E. E. Butler, |
| Fred W. Pape, | Robert E. Moore, |
| Charles A. Neumann, | Charles H. Pope, |
| Frank M. Slater, | Edgar S. Nicolai. |

Do the Republican candidates (headed by Nat Goldstein and Granville Hogan, the Mayor's son-in-law), who were picked by this Republican City Central Committee and who are to be voted for on November 5, approve this insult to our citizens and flaunting of our fundamental law? We have heard no word of protest from a single one of them.

*Why does not the Republican Mayor remove Weeke?*

*Why do not these Republicans and their candidates speak out?*

Those in control of the Republican party of St. Louis either favor having in office a citizen of a country with which we are at war, or fear to say that they do not. Will the citizens of St. Louis vote for a party which is controlled by such men?

The Democratic party and the Democratic candidates are unalterably opposed to such an alien enemy holding office in this country, and are opposed to any man holding any office who is not a 100 per cent American.—*St. Louis Republic.*

Hank Weeke is holding office by appointment from the Kiel-Schmoll-Weeke machine which is responsible for the nomination of Spencer to the Senate over Col. J. L. Torrey. Remember this Missouri voters. Would YOUR BOY be pleased to know that this machine which appoints enemy aliens to office also selects candidates for the United States Senate?

# Heavy Registration of Negroes Investigated

## Canvas Shows Many Were Registered From Vacant Houses—Eighteen Policemen Assigned to Task of Running to Bay Illegal Voters

The illegal registration of negro voters in the city of St. Louis is being thoroughly investigated and it has been found that regardless of the number of colored troops that have been sent to war that the registration shows 3,000 more negro voters in the city this year than two years ago.

Policemen have been ordered to make a thorough canvass and they are finding there are many negroes registered from houses which have long been vacant. The investigation is being made under the direction of Acting Chief O'Brien, who has detailed Sergeant James King with a squad of men to the task.

The investigators went into the Eleventh Precinct of the Seventeenth Ward recently in their investigation of the negro registration. They reported that in the two blocks between 3,000 and 3,200 Pine street they found thirty-six negroes registered from those blocks were unknown at the addresses given. So far as the investigators could find out the negroes never had lived at those addresses.

On Lawton avenue, in the black between Nos. 3011 and 3142, it was reported that twenty-three negroes did not live at the addresses given on the registration books. On Laclede avenue, between Nos. 3023 and 3135, five negroes were reported unknown at the registered addresses.

Eight negroes on the registration books as living in Pine street, Laclede avenue, Lawton avenue and Garrison avenue, in the Eleventh Precinct, died long before registration day. The investigators found, they reported, that twenty-three negroes registered from the precinct had lived there less than the required three months.

It is amusing to the more decent element of St. Louis citizenship that some Republican politicians here are endeavoring to defend the heavy negro registration. It is true that some negroes moved to St. Louis from East St. Louis after the race riots there a year ago, but it is also true that several thousand negroes have been sent to the army.

This illegal registration reminds thinking citizens here of the time when Zeigenhein was mayor and so much graft and other official crookedness was rampant until exposed by Governor Folk when he was Circuit Attorney.

In discussing the registration the St. Louis Star, an independent newspaper, says:

The excessive negro registration, much of it prima facially fraudulent, is to be investigated by the police. Such investigation, however superficial and hurried, will probably result in a long list of names of men who appear to have registered without legal right or in names other than their own. A stuffed registration roll, or one not pruned of obsolete names, is a gold mine for the fraudulent voter, working under the direction of an experienced manipulator. In the past these experts have not been content to send men to the polls to vote in the names of dead men, absentees and fictitious names fraudulently put on the register, but have even had them vote the names of men who later came to the polls and found themselves marked "voted." It is to stop all this sort of fraud that this canvass is to be made and a close watch upon the polls is to be kept.

Our registration law is defective, else these things would not be possible. Two things are essential to an ideal registration law—prevention of illegal registration and complete identification of the man who offers to vote with the man who registered. Neither of these is achieved by the Missouri law. The purity of the lists would be better protected if we abandoned the local registration on a single day and permitted registration in the office of the Board of Election Commissioners any business day of the year, requiring the affidavit of two reputable citizens to the facts alleged by the person offering to register, under penalty of perjury. Then there should be such complete description and data of the registered person that it would be impossible for another to represent him at the polls.

There is not enough hunting down to the bitter end of men who register and vote fraudulently. We have a little flurry at election time and that is the end of it. The Board of Election Commissioners should be charged with the duty of purifying the register and prosecuting its violators and given the means with which to perform the task. An honest ballot is one of the foundation stones of democracy, that democracy our sons are giving their lives to protect.

## FOLK FOR SENATOR

### Cassville Democrat Tells of Record in Official Life That Is So Creditable and Satisfactory.

The nomination of Joseph W. Folk by the Democrats of Missouri for United States Senator is gratifying to real Democrats and lovers of good government everywhere.

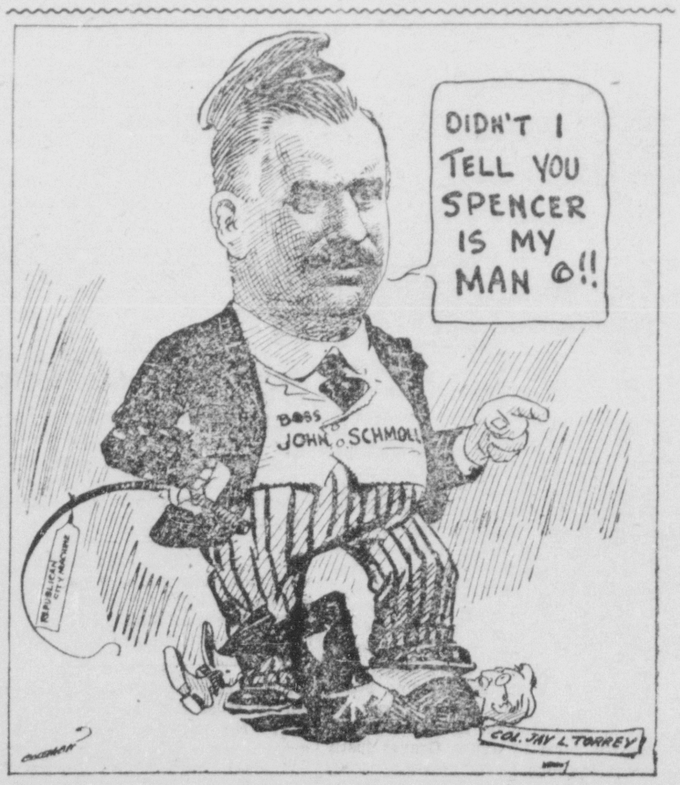
His record as Circuit Attorney of St. Louis, where he exposed and prosecuted corruption in official life, made him a national figure.

As Governor of Missouri he put Missouri in the front rank of the progressive states by securing the enactment of the initiative and referendum, state-wide primary laws, child labor laws, public service corporation laws, by taking the police of the large cities out of politics, by suppressing gambling, winerooms and by enforcing the liquor laws in the face of the determined opposition of the powerful brewery and liquor interests.

These things made the name of Joseph W. Folk a synonym for good government. After the election of President Wilson, Joseph W. Folk was made solicitor for the Department of State. He there became familiar with those great principles of international law, the knowledge of which will enable him to render services in the Senate in this great international crisis.

For four years he was chief counsel of the Interstate Commerce Commission and is regarded as one of the leading experts in America on transportation questions. In the Senate he will, of course, be a member of the Interstate Commerce Committee and will be of tremendous assistance in solving those transportation questions which will be so pressing for solution during the war and after the war is ended.

No matter how good a man the Republican opponent of Gov. Folk may be, there should be no hesitancy on the part of the patriotic citizens of Missouri of all parties in casting their votes for Joseph W. Folk, thus declaring that they favor good government, the elimination of graft, the enforcement of the laws and the upholding of President Wilson.



# Druggists! Please Note Vick's VapoRub Oversold Due to Present Epidemic

**Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January. Last Week's Orders Called for One and Three-Quarter Million Jars—Today's Orders Alone Amount to 932,459 Jars.**

**Big Shipments are En Route to Jobbers —Until These Arrive There May be a Temporary Shortage — All Deals Postponed—Buy in Small Lots Only.**

RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCEL POST.

This advertisement is written on Monday, October 21st. It is directed to the attention of all distributors of Vick's VapoRub, both wholesale and retail. In an emergency such as the present epidemic—our duty—and your duty—is to distribute VapoRub in the quickest possible manner to those sections stricken by Influenza. We, therefore, call your careful attention to the following:

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED.

On October 1 we had on hand, at our factory and in twenty warehouses scattered over the country, sufficient VapoRub to last us, we thought, until January 1st, allowing for a 50 per cent increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish Influenza hit us—and in the last 10 days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

| | |
|---|---|
| Wed., Oct. 16 | 18,504 doz. |
| Thurs., Oct. 17 | 25,323 doz. |
| Fri., Oct. 18 | 39,256 doz. |
| Sat., Oct. 19 | 45,833 doz. |
| Mon., Oct. 21 | 77,705 doz. |

Up to Saturday, October 19th, we have actually shipped for this month $400,284.10, or over two million jars of VapoRub.

THE PROBLEM NOW IS TO DISTRIBUTE VAPORUB QUICKLY.

Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the Influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO.

Last Saturday we notified all of our jobbers, by Special Delivery, as follows:

1st—Deals and quantity shipments of all kinds are cancelled. Fill no quantity orders of any kind, whether taken by our salesmen or by you, own. Sell in small lots only.

2nd—Order from us in as small quantities as possible. If you are out we will try to ship a limited amount by Parcel Post or express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen 30c size at any one shipment.

4th—We are now out of the 60c size and will be for the next 10 days.

WHAT WE ASK THE RETAIL DRUGGIST TO DO.

Buy in as small quantities as possible. If you have any quantity orders, given the jobbers' salesmen or given to our salesmen, don't bother about them — no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's VapoRub, we will ship you by Parcel ost, prepaid, quantities not more than three (3) dozen 30c size in any one order. Naturally, we can't open accounts at this time, so your check or money order for this amount must accompany order. Don't write us stating to ship through your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH CORRESPONDENCE.

Our force has already been "shot to pieces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH INFLUENZA.

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history—the symptoms — the treatment, and particularly the use of Vick's VapoRub as an external application to supplement the physician's treatment.

NEW WAYS TO USE VAPORUB.

In addition to the usual method of using VapoRub—that is, applied over the throat and chest and covered with hot flannel cloths—our customers are writing us daily telling of their success in using VapoRub in other ways, particularly as a preventive. They melt a little in a spoon and inhale the vapors arising, or melt it in a benzoin steam kettle. Where the steam kettle is no tavailable, VapoRub can be used in an ordinary tea-kettle. Fill the tea kettle half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

According to a bulletin just issued by the Public Health Service, Dr. Stiles, of this Service, recommends that the nose be kept greased as a preventive measure against the Influenza germs. For this purpose VapoRub is excellent.

**From "A Thin Volume."**

There is a new book recently published called "A Thin Volume," by J. R. Perkins, a short story, which tells how the war and its attendant sorrows brought about a change in the business policy of the central figure of the story. From a pitiless, mercenary dictator, who allowed no manifestation of kindness or humanity to interfere with business rules or efficiency he came to adopt this code for his daily business life:

"My business standards shall have in them a note of sympathy for our common humanity. My business dealings and relations and ambitions shall always cause me to take into consideration first, my highest duties as a member of society.'

KIDNEYS WEAKENING?
LOOK OUT

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victima to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

The body of Dale Frankum, the son of Mr. and Mrs. Willis Frankum of Quitman, who died Tuesday at the Marine army bospital at Utica, N. Y., is expected to arrive at Quitman tonight or tomorrow. Arrangements for the funeral will then be made. The parents have been advised that the body of their son is on its way, accompanied by an escort from the Marine Corps.

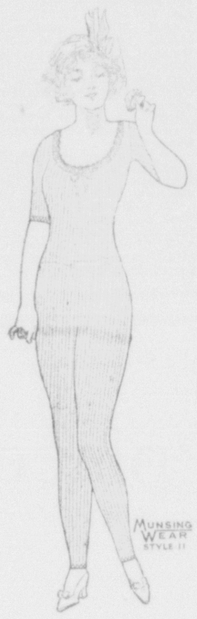
Miss Agnes McCann of Clyde spent the day visiting in Maryville today.

Alderman-Yehle Dry Goods Co.
WEST THIRD STREET, MARYVILLE, MO.

Keep Your Body Warm

IN this damp cold weather when it is so easy to contract a cold it is essential to keep your body clothed with warm, dry clothing. Good firm knit underwear and hosiery should have the first consideration. The knit goods situation is critical at present, but by early purchases, we have assembled exceptional stocks of various weights in both hosiery and underwear.

Don't put off buying underwear and hosiery until you have contracted a severe cold—buy them now, they cost no more and possibly less than later.

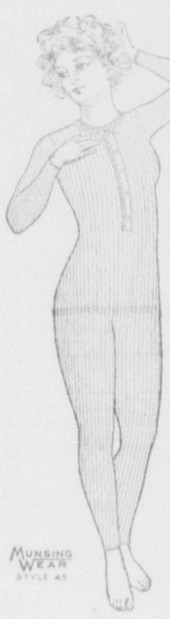


KNIT UNDERWEAR

We feature the Munsingwear and recommend it to our customers, because we have found it to be the best knit underwear on the market. It comes in either the two piece or the union suits in various weights of cotton, lisle, wool and art silk.

The union suits are made with low neck, no sleeves and either knee or ankle length; elbow sleeves, high, medium or low neck, ankle length; and high neck, long sleeves and ankle length. In Munsing sizes to fit all women.

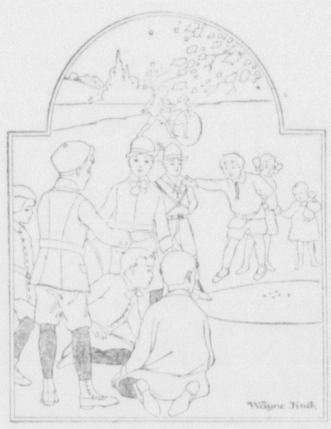
The children's Munsingwear suits come in high neck, long sleeves, ankle length and in both the drop seat or open crotch.



Munsingwear is economy—they cost no more than ordinary kind, they fit the form perfectly, and wash and wear better than any other underwear.

SPECIAL—We have some broken lots of lisle, art silk and woolen Munsingwear suits for women—numbers that we cannot replace on account of war restrictions. These are arranged on a table in the west aisle and marked at special prices to close them out quickly.

Stockings



The Wayne Knit hosiery for men, women and children is recommended by this store, because we have given them a thorough test and found them superior from every standpoint. They are knit to fit perfectly; they are in fine lisle, cotton and silk; and the quality has been kept up to the same high standard as in former seasons. Prices, of necessity, are some higher, but the same Wayne Knit quality is maintained.

SPECIALS

We have three numbers in "Pony" Wayne Knit stockings for boys and girls that we wish to close out, as other numbers have taken their place.

No. 3—Boys' heavy weight cotton hose, heavy rib, a real boys' hose that will stand the knocks.

No. 70—Medium weight cotton hose for boys and girls, fleece lined, a good warm stocking for winter wear.

No. 66—Fine lisle stockings for girls or boys. Suitable for dressy wear and heavy enough to give service.

These famous Pony stockings have been assembled into two special lots for easy selection:

Lot 1—Sizes 5, 5½, 6, 6½ and 7, at the pair.....39c
Lot 2—Sizes 7½, 8, 8½, 9, 9½ and 10, at the pair.....49c

One special lot of seconds in ladies' black lisle hose has been arranged for easy selection. These have small defects but no holes, simply dropped stitches or snagged places that have been darned. While these are not perfect hose, they are real good values, the pair.....45c

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or $1.00 for extra large size, get a bottle of zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

LIBERTY LOAN DECORATIONS

**Haines Dry Goods Store Will Use Display for Fifth Campaign.**

Harvey L. Haines received yesterday some window decorations which he had ordered expecting to obtain them in time for use in the Fourth Liberty Loan campaign. The delay in shipment prevented this but they will be ready for the Fifth campaign.

The central piece is a Statue of Liberty about four feet high, made of white plaster on steel frame with a lighting arrangement in duplicate of the original and the group pieces are figures of a soldier, sailor, Red Cross nurse and other war workers. The entire display is an excellent group to stimulate war relief work.

**Visiting in Maryville.**

Mrs. Ruth McQuinn of Stanberry came to Maryville this morning to spend a few days visiting friends.

**DO MOTHERS ERR?**

When we hear of so many school girls and girls in stores and offices who are often totally unfit to perform their daily duties because of some derangement peculiar to their sex, might this not have been prevented by the mother who, perhaps through neglect or carelessness, failed to get for that daughter the one great root and herb remedy for such ailments, Lydia E. Pinkham's Vegetable Compound? This old fashioned medicine is said to have alleviated more suffering of womankind than any other remedy known to medicine. Adv.

**Time Brings Happiness With The Dawn**

**The Coming of Baby Marks the Advent of a Glorious Future.**

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generations to come.

There is a splendid preparation women for over half a century have applied before the stork's arrival, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shorter and pain and danger is naturally avoided.

Write the Bradfield Regulator Company, Dept. E, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

H. C. Cornett, painter and paper hanger, 805 N. Buchanan St., Maryville, says: "In my work I have a great deal of reaching and standing to do and I was greatly handicapped as my back hurt me severely across my hips. I couldn't bend or lift without pain. My kidneys acted too frequently, breaking my rest at night and leaving me all tired out in the morning. I used Doan's Kidney Pills with great benefit."

# Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over $1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools, good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from $15.00 per acre up to $50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at $25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells and V. O. Hunt; Barnard, Mo., George Cole, banker; Graynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—
